

Face & Fingerprint Time Attendance

Face/Fingerprint/Card/Pwd

The product features 4.3-inch TFT capacitive color touchscreen, dual infrared, dual high-definition cameras, and 1.5GHz quad-core processor. Using new real-time facial recognition algorithm, face capture is more accurate and faster through light balancing.

After years of improvement, our products are more cost-effective as ever. They are widely used in government agencies, intelligent buildings, office buildings, high-end residential property, universities, enterprises, and much more.

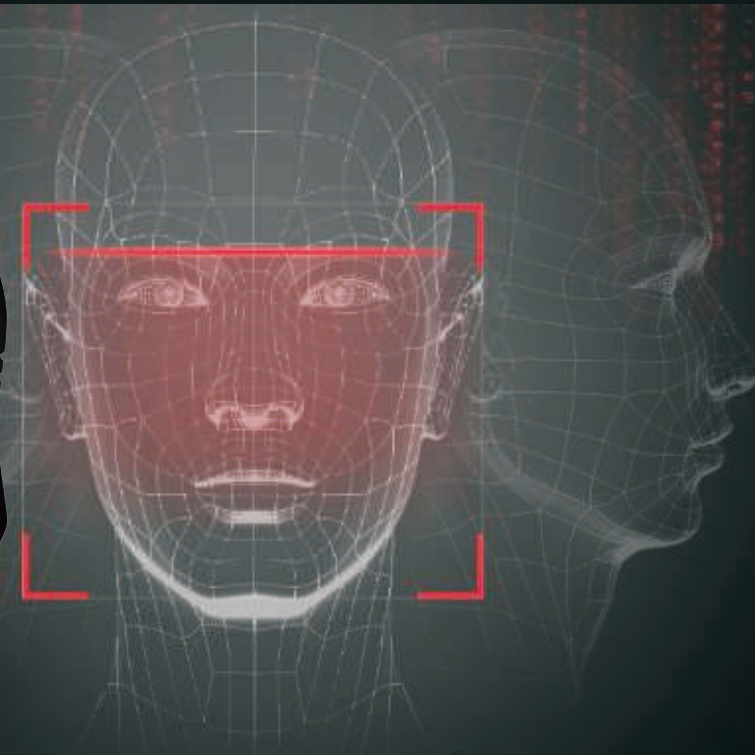

Function	Description
Display Dimensions	4.3" TFT Capacitive Color Touchscreen
Cameras	Dual Infrared, Dual HD Camera
Fingerprint Sensor	Optical (Dim)
Verification Modes	Face, fingerprint, ID card (IC card optional), PIN, combination
Communication Protocol	TCP/IP, Wi-Fi (Optional)
USB Functions	USB flash drive download/ upload, firmware upgrade
Recognition Speed	≤ 1s
Record Query	Supported
Machine Learning Fingerprint	Supported
Biometric Database Lookup	1: N, 1:1
Face Capacity	3000
Fingerprint Capacity	15000
ID Card Capacity	15000
PIN Capacity	15000
Photo Storage Capacity	10000 (Including enrollment and realtime photo record)
Time/Management Record	500000/10000
Bell Functions	Internal bell (preset time intervals)
Voice	Chinese/English/Korean and so on
Display Language	Simplified Chinese/English/Korean and more (customizable)
Self-testing	Supported
Power Management	Sleep Mode
Alarm	Record Full and Threaten
Time Synchronization	Supported
Realtime Photos	Supported
Infrared Proximity Detection	Supported
Door Lock Signal Output	1 group relay signal output
Access Control Time Zone	50 groups
Wiegand	1 set WG In & out
Door Magnet Control	Supported
T9 Input	Supported
Operating Temperature	0 ~+45
Operating Humidity	20%~80%
Power Supply	DC 12V/1000mA
